June is reverse-racism awareness month! Begin your journey to a life free of persecution and full of entitlement through the uniquely safe space of our Racism Retreat! CRT, DEI, EDI, B-I-P-O-C, ABC, LOL, Restorative Justice, Cultural Misappropriation, Reparations, White Privilege, Microaggressions, Indigeneity, Implicit Bias, Ethnic Fraud yadda-yadda blerp-blap bleep-bloop — — let's forget all that foreign language nonsense through a group fire at Paid! Maintain your innocence! Celebrate your lack of accountability! Center yourself at the retreat with your PNW Bravery Kit! Forget listening with a 'feminist ear' (Ahmed) and overshare personal stories about how you accelerated action towards a more just and equitable society while simultaneously denying the experience of and silencing all those that are marginalized! What's inclusivity without exclusivity! Our marshmallows are white white white like your committees, so unpack your Bravery Kit, grab a s'more, join this campfire and let's bask in your collective abuse of power together!*

Paid presents *Group Effort*, a special project by Divya Mehra.

*Limited quantities, while supplies last! Price subject to Subject.
